Ladybird BOUTIQUE HOTEL AT KANONKOP

Escape to the Vineyards

Ladybird Boutique Hotel at Kanonkop is located in the famous red wine producing area of Simonsberg – Stellenbosch. It is well known for producing "The Ladybird", the first organic red wine from the Simonsberg ward in Stellenbosch made from organically grown grapes, and certified by Ecocert, the global leader in verification testing and certification services. This wine is a unique individual expression of organically grown from and the art of our winemakers, expressing the fruit and intensity of varietal character at its best.

We are committed to producing wines of outstanding quality, that best reflect the unique terroir and the microclimate of the Simonsberg, one of South Africa's prime wine-growing areas for noble red cultivars.

Deep red clay soils anchor the vines at Ladybird Boutique Hotel at Kononkop, in a firm and sustaining embrace. No irrigation needed in the 36 ha of vineyards that is planted on the North-East facing slopes of the Simonsberg that offer an excellent angle for sun exposure, the key to photosynthetic efficiency and flavour development.

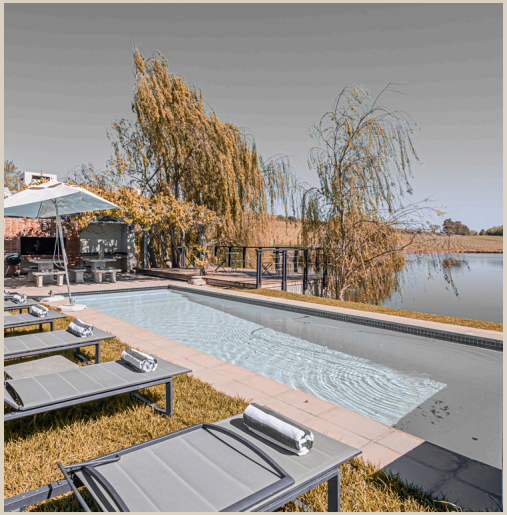

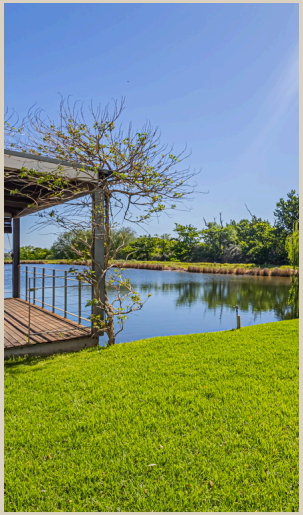

Elevated *Vineyard* Escape

Ladybird Boutique Hotel at Kanonkop rests on the historic Laibach Vineyards, a 50-hectare organic wine farm whose origins trace back to 1818. Once part of the “Good Success” estate, the property has evolved over generations, shaped by the deep red soils of the Simonsberg. In 2022, Laibach began a new chapter under Johann and Paul Krige of Kanonkop Wine Estate, continuing its commitment to sustainable farming and traditional winemaking that honours the region’s unique terroir.

Amid this rich landscape, Ladybird Boutique Hotel at Kanonkop offers eight spacious rooms and a peaceful Winelands escape just minutes from Stellenbosch, Paarl, and Franschhoek. Guests can enjoy vineyard walks, mountain biking, wine tasting, or simply unwind by the pool surrounded by sweeping views.

Here, heritage, nature, and warm hospitality blend into a distinctive Winelands experience - calm, inviting, and deeply connected to the land.
